Scholl LOVE EVERY STEP

The **SCHOLL ORTHAHEEL** technology is characterised by an anatomically designed insole and the Triplantar Motion system®. It is effective in reducing the effects of over-pronation, the tendency to roll the feet inward when walking. The footbed has therefore been specifically designed to correct foot posture, movement and the distribution of the weight on the foot.

AVAILABLE AUGUST 2023

VITALITY IS OUR ENTRY INTO THE FAST MOVING EVA ONE PIECE SANDAL MARKET. Unique design inspired in sport and a perfect companion to VX WALKER. Incorporating rocker sole, Arch profile and crazy soft and comfortable EVA footbed.

OS1st
BASE LAYER BRACING™

WHAT MAKES OS1st DIFFERENT?

Not all compression is the same. Our socks are made on top-shelf knitting machines, voluntarily subjected to FDA testing, and high-quality materials like our silver-ion, anti-microbial treatment.
